

## **Release name: KNOWAGE 7.4.14**

From the previous version 7.4.13 the following issues are now solved:

- OLAP: sometimes the total does not correspond to the sum of the above rows
- OLAP: wrong behavior of the filter wizard: "You need to select at least one member" message is displayed even if there are selected members
- OLAP: after searching members on filters panel and reopening it, members are still highlighted
